

# TROJAN

The background of the cover is a dark, fiery red. In the center, a blonde warrior (Achilles) is shown from the waist up, wearing a dark, patterned tunic and blue pants. He is holding a sword aloft in his right hand, with a bright light emanating from the blade. Behind him, a large, muscular figure (Hector) is visible, wearing a red cape and a helmet with a beard. The scene is set against a backdrop of stone ruins and a small, arched window in the upper right corner.

I'll Destroy the Evil Ones !!

## The Story

At the end of the century near the close of a nuclear war, there was a world which was ruled by an evil army led by a brutal king. The people of this world were suffering under the oppressive methods of this evil army. You, who have mastered all martial arts, have been requested by the people under this oppressive rule to bring peace back to this world again so you must destroy this evil army.

## How to play

Manipulate the player with the B-way lever and the two buttons. Button 1 is for attacking and Button 2 is to thrust the shield forward.

## Lever and button operation

Destroy the attacking enemy by manipulating the sword and shield. Watch out since there will be cases when the enemy attack cannot be thwarted with the shield. In this case, the player loses both shield and sword and must fight with bare hands.

Watch out for the magic ball thrown by the knife-throwing enemy (If you are hit, you will lose your sword and shield.)
